

TAA Compliant Data Management Solutions

About Overland-Tandberg

Overland-Tandberg has a 40+ year proven track record of delivering robust and reliable data storage and data management solutions to the DOD and other Federal, State and Local government agencies — as well as Fortune 500 and other public and private sector organizations.

Core Competencies

We offer a broad portfolio of TAA compliant hybrid cloud ready application and storage appliances — backed by a world-class technical support services team that stands ready to support your agency's mission-critical workloads whether on-premises, remote or in the cloud. We offer a full line of solutions for application data management, backup and recovery, disaster recovery, business continuity and long-term regulatory archiving.
